

August 21, 2023:

Restrooms Renovation Project

We are ready to re-open restrooms on the 1st, 2nd, 4th, and 6th floors. The 8th floor is expected to re-open by the end of this week.

We are now moving on to phase II of the project. This will affect the 3rd, 5th, and 7th floor restrooms. The construction team is beginning to install temp partitions and prep the areas for demolition. I have attached a [three week look ahead schedule](#) that shows the scope of work being performed at each level as well as the expected noise levels and off hours work. The construction will begin in earnest next week at all three floors and continue through the end of October.
